Cloud Identification Dichotomous Key

Use this dichotomous key to figure out what kind of clouds are in the sky today.

Answer the questions and then compare the sky to the sample picture. If the picture doesn't match up, use the Back button to try again.

Is it raining?

- yes with thunder and lightning
- yes but only drizzly, with small raindrops
- O no

Continue »

Cloud Identification Dichotomous Key

Your Cloud Is A Cumulonimbus!

Cumulonimbus clouds belong to the Clouds with Vertical Growth group. They are generally known as thunderstorm clouds. A cumulonimbus cloud can grow up to 10km high. At this height, high winds will flatten the top of the cloud out into an anvil-like shape. Cumulonimbus clouds are associated with heavy rain, snow, hail, lightning, and tornadoes.

Home

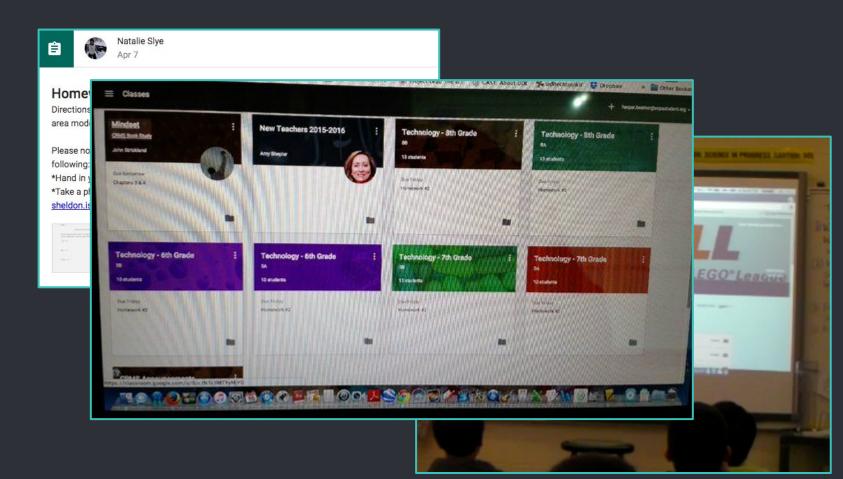

A little about me...

I am an 11th grade student at North Caroline High school. My home town is the little town where not even one store exists Goldsboro, Maryland. I am the youngest of two. My schedule includes school, dual enrollment, work at Greensboro Save A Lot, sports (softball and field hockey), clubs, volunteering and being a volunteer firefighter. With all of that going on my plate is pretty full. My future goals are to be an Elementary school educator and a volunteer firefighter. To reach those goals I am enrolled in Fire Fighter one class at the Maryland Fire and Rescue Institute of the University of Maryland, at North Caroline I am a dual major of Early Childhood Education and Teacher Academy of Maryland. I am historian and secretary of our school's club Educators Rising. Educators Rising cultivates highly skilled educators by guiding young people on the path to becoming accomplish teachers, beginning in high school leading to the future. Recently I have been accepted in National Honor Society and National Technical Honor Society at our school. Each day I am working to achieve my goals to the best of my ability. I enjoy being a productive member in my society and helping other people. I can't wait to see what my future has to offer and I'll take it one step at a time!
